Callahan Construction, Inc.
777 Meadow Road
Smithtown, NY 11787

Dear Mike,

We just wanted to take this opportunity to thank you for the absolutely fantastic roofing, siding and trim job that you and your crew completed at our home in Smithtown. We were quite sure that we knew exactly what we wanted when the job began. Little did we know that, with the available choices in today's building materials market, we had far more decisions to make than we would have thought possible. Thanks to your patient explanations and guidance, along with the total professionalism of your crew, the finished product far exceeded our expectations.

Over the years, we've dealt with many construction contractors and, quite honestly, you are at the top of the list. Every member of your crew was an experienced craftsman who took pride in his work and, just as importantly, you were personally involved in all stages of the project. Whenever we called with a question or to discuss some aspect of the job, you were always available. The small details that you pointed out and the advice that you gave us made the difference between a "nice" job and a "great" job. The finishing touches and moldings around the doors and windows added a beautiful "finishing touch" that has elicited many compliments from friends and neighbors.

We highly recommend Callahan Construction to anyone who is looking for excellent craftsmanship, at a fair and competitive price, completed in a timely manner. Thanks again.

Sincerely,

Meg & Steve Marigliano
