

To Whom It May Concern,

We are writing this letter in reference to Mike Callahan of Callahan Construction, Inc. We are current clients of Callahan Construction and our experience has been wonderful. From the moment we hired Callahan Construction to rebuild and renovate our home we have been very pleased. We feel fortunate to have the opportunity to work with Mike.

Mike is a hardworking, reliable, organized and fair gentleman. He is totally committed to his clients and to the job that he is involved in. Mike always goes above and beyond to not only "get the job done", but he ensures that the project is done well and in a timely fashion. Mike has great taste and he pays close attention to detail. He offers good advice and he is extremely knowledgeable in his trade. Mike is easily approachable and we always know that we can openly and comfortably communicate our wants and needs.

We are amazed at how quickly our home was transformed from a small cottage to a magnificent sprawling Cape Cod. The entire process from demolition to "move in" was incredibly fast. All of Mike's sub-contractors were talented and courteous professionals. Their workmanship is exceptional. We always felt that we were an integral part of the project. We were always presented with options. We were consulted on any and all decisions.

We would highly recommend Callahan Construction for all home improvement projects. Our home is absolutely beautiful!

If you have any further questions please feel free to contact us at (631) 665-7037.

Sincerely,

Noel and Carolee Nixon
