To Whom It May Concern:

My name is James Rhoads and I live in Lake Grove in Suffolk Co. I am writing this letter as a recommendation for Callahan Construction. I have used Mike Callahan and his company on three separate occasions. They built a beautiful 30' x 7' covered porch on the front of my house, for which we've received many compliments. That was in 2002. Since then, I've used Callahan Construction, to add a "bump-out" onto the front of my house to give us some added room to our bedroom; build a 21' x 27' deck in the back of my house; and resided the house and the garage (it had been 30 years since it was originally done.

I have nothing but good things to say about the jobs that were done. Not only was the work done exceptionally well, but Mike, Jimmy and his workers went out of their way to try and keep the inconvenience to my wife and me to a minimum. They were here when they said they would be. The job was completed when it was supposed to be. All the workers were polite and extremely hardworking and accommodating. I really can't say enough about the jobs that they did. And everyday Mike would be there; checking up to make sure everything was going according to plan and to our satisfaction.

I don't believe I could have found someone who could do it any better. One of the reasons I went with Mike is his honesty. He gave me a good price and stuck to it. He was also not afraid to send me to prior customers that he had to see what they thought of his work.

In short, I would highly recommend him and his company. Mike has my number if anyone would like to hear more.

Sincerely;

Jim and Joan Rhoads
